ANGLOGOLDASHANTI

AGA New Vacancy Posting

POSITION	Engineer 1 - Drill & Blast
DEPARTMENT	Ground Mining
LOCATION	Geita Gold Mine, Tanzania
EMPLOYMENT STATUS	Full Time

OBJECTIVE OF THE ROLE

- The Drill & Blast Engineer 1 will prepare drill designs and charge plans, monitor drilling and charge quality, capture and report drill and blast data, support safe execution of underground drill and blast activities, conduct underground inspections, and participate in electronic firing of stopes.

ROLE ACCOUNTABILITIES

- Prepare drill designs, charge plans, blasting pattern layouts, and draft schedules for stopes and rig movement in line with production plan requirements.
- Monitor drilling and charging activities through QAQC inspections, data capture, performance review, and regular checks of drill and charge up plans to support optimization.
- Compile daily, weekly and monthly drill and blast reports, production reports, and statutory safety and environmental reporting within required deadlines.
- Support safe and compliant execution of drill and blast activities by applying company safety and environmental requirements, reporting safety matters, and conducting underground, magazine and explosive storage facility inspections.
- Coordinate with mine operations and other technical teams, contribute to ventilation and mine services planning, and participate in operational and stope note meetings as required.
- Assist senior drill and blast personnel in managing underground drill and blast works, lead stope closure activities and electronic firings, and provide guidance to Graduate or Junior Engineers.

ROLE REQUIREMENTS

Education & Qualification

- B.Sc. in Mining Engineering.
- Valid driving license.
- Valid blasting certificates.

Experience, Knowledge and Skills

- Minimum 3 years of experience in underground drill and blast with underground operational exposure.
- Experience working at a mechanized mine.
- Exposure to planning is an added advantage.
- Working knowledge of underground mining and haulage.
- Understanding of drill design assumptions, optimization and performance improvement.
- Ability to make decisions independently and develop contingency plans.
- Ability to record, manage and report operational data accurately.
- Ability to work effectively with teams and across disciplines in a culturally diversified workforce.

- Ability to work with minimum supervision while maintaining safety and task priorities.
- Good oral and written communication skills in English.
- Physically and mentally fit.
- Basic first aid knowledge.

BENEFITS SUMMARY

- AngloGold Ashanti offers a comprehensive and competitive benefits package designed to support employees' health, financial security, and overall well-being.
- Medical insurance, employee assistance programmes, and wellbeing initiatives.
- Company-supported pension or provident fund contributions.
- Annual leave, sick leave, and public holidays in line with company policy.
