

VACANCY

ABOUT GEITA GOLD MINING LTD

Geita Gold Mining Ltd (GGML) is Tanzania's leading gold producer with a single operation in Geita Region. The company is a subsidiary of AngloGold Ashanti, an international gold producer headquartered in South Africa, with operations in more than ten countries, in four continents. The mine is situated in the Lake Victoria Gold fields of North Western Tanzania, only about 85 km's from Mwanza City and 20 km's South East of the nearest point of Lake Victoria. The company has its head office in Geita, only 5 Km's west of the fast-growing town of Geita, and also a supporting office in Dar es Salaam. Applications are invited from ambitious, energetic and performance driven individuals to fill in vacant position(s) mentioned below:

Position:	Operator 1 - Equipment

Department:	Process Plant.
Reporting to:	Senior Supervisor – Mechanical Milling Section
Number of Positions:	One (1)

PURPOSE OF THE ROLE

The purpose of this role is to run gold room circuit per GGM safe operating procedures and expected to achieve the company targets set by the senior supervisor. The operator is required to carry out inspections on the tools and equipment usage and report hazards and unsafe condition to Senior Supervisor. The operator is also required to assist in cleaning & calcination of Cathodes, Smelting, Boxing and Bullion Shipment and maintaining high standard of housekeeping to minimize risks.

QUALIFICATIONS:

- A minimum certificate of Secondary School Education (CSEE) or
- Possession of Certificate or Diploma in Minerals Processing will be an added advantage.
- **GGML is an equal opportunity employer: Female candidates are highly encouraged to apply.**

EXPERIENCE:

- At least 1 year of experience in a mineral processing plant, preferably in gold production.
- Previous gold processing plant operational experience (crushing, milling, CIL and Elution) will be an added advantage.
- Exposure to gold mining industry

MAIN OR KEY ACCOUNTABILITIES:

- Always act in a manner that seeks to enhance the safety culture and performance of GGM and ensures that the vital behaviors are always adhered to.
- Work safely in all areas, identify potential safety hazards, and work with management to correct hazards.
- Attending compulsory safety courses and meetings and adhering to all safety standards.
- To ensure accuracy in equipment operation, including electro winning cells, filters, smelting furnace and calcine ovens.
- Participating in both crucible/smelting pot inspection and change out.
- Charging wet concentrate into and removing dry concentrate from calcine ovens before and after drying.
- Take part in both bullion boxing and gold shipment processes with high efficiency of performance.

- Ensure calibration of weighing balances and services are performed with high priority as per schedule.
- Ensure all gold room reagents and other consumables are arranged and stored properly with their respective labels as required.
- Preparing fluxes in a good ratio as instructed by gold room supervisor.
- Assisting in the development of competencies of other employees whenever directed.
- Immediately report equipment faults to prevent further deterioration.
- Safely isolate processing equipment for planned or unplanned shutdowns.
- To take part in the gold shipment process whenever required to do so.

ADDITIONAL REQUIREMENTS:

- Clean criminal record or any other security incidents.
- Ability to maintain and keep confidential all gold room information, including schedules activities, equipment layout, building layout, gold information and passwords.
- Ability to diagnose and troubleshoot problems.
- Strong verbal, written, analytical and persuasive skills.
- Ability to interact effectively with all levels of employees and management.
- Ability to complete repetitive tasks at a consistently high standard.
