

VACANCY

ABOUT GEITA GOLD MINING LTD

Geita Gold Mining Ltd (GGML) is Tanzania's leading gold producer with a single operation in Geita Region. The company is a subsidiary of AngloGold Ashanti, an international gold producer headquartered in Denver, USA. AGA has operations in more than ten countries across four continents. The mine is situated in the Lake Victoria Gold fields of Northwestern Tanzania, only about 120 km's from Mwanza City and 20 km's Southeast of the nearest point of Lake Victoria. The company has its main office and operations in Geita, only 5 Km's west of the fast-growing town of Geita, and a supporting office in Dar es Salaam. Applications are invited from ambitious, energetic and performance driven individuals to fill in vacant position(s) mentioned below:

Position: **Manager – Underground Mine Production**

Department: **Underground Mining**
Reporting to: **Senior Manager - Underground Mining**
Number of Positions: **One (1)**

GGML is an equal opportunity employer.

PURPOSE OF THE ROLE:

Underground Production Manager is highly needed to support the Senior Manager – UG Mining at our Nyankanga and Geita Hill Underground mining projects. This will include working with and managing UG Mining Contractors at these two mines for achieving production KPIs, managing CAF filling processes to ensure Stope CAF filling plan is achieved to support ounce profile/business plans. The incumbent will also be responsible to build, develop, and lead an effective team capable to deliver the strategy to transition Geita Gold Mine to a major underground operation, to be executed in line with specific instructions from Senior Manager – Underground Mining and requirements of relevant Tanzanian Mining Legislation.

QUALIFICATIONS:

- Relevant tertiary qualification.
- BEng Mining / Engineering Degree or equivalent - preferred but not essential.
- Underground Mine Managers Certificate – preferred.
- Site Entry requirements which may include Mines Health Surveillance.

EXPERIENCE:

- Eight (8) to ten (10) years' operational experience within an underground mining environment of which, at least three (3) years is at mine management level.
- Experience working with International UG mining contractors who operate underground mechanized trackless equipment will be highly regarded.
- Proven experience and ability to create and manage budgets for a UG operation.
- High skill level with UG mine planning experience.
- Demonstrated experience in an underground mining production environment.
- Proven track record of managing and leading large and diverse teams.
- Hands on approach and service orientated outlook.

MAIN OR KEY ACCOUNTABILITIES:

Safety:

- Identify and interpret safety risks and resolve emerging issues; and ensuring that appropriate focus and resources are available to achieve safety objectives.

Mining Production Processes & Practices:

- Understands key underground production and development processes in large scale trackless mining environments.
- Knows when to engage Specialist's support.
- Understanding of safe and effective underground production practices, management, support systems.
- Establishing Paste and CAF infrastructure in Underground environment.
- Commissioning Underground Paste and CAF operations in underground environment.
- Able to manage performance based on interpretation of data and can initiate and drive the operational improvements as required.
- Demonstrated ability of delivering to production and cost targets.

Operational Management:

- Ability to effectively lead and communicate to all levels of the team.
- Understands key processes and systems to drive the best performance from all team members.
- Training and developing new and inexperienced workers to become safe and effective underground.
- Understanding of the key skills & knowledge required by all team members in order to carry out their roles effectively and safely.
- Demonstrated ability of being able to identify and develop emerging talents within a multi-discipline team.
- Strong understanding of mining cost drivers and their impact to the overall financial results of the operation.
- Ability to develop operational budgets in consultation with Senior Underground Manager and other service departments.

Planning:

- Understanding of good mine planning processes and the ability to drive the establishment of required planning systems and approaches.

Contract Management:

- Strong knowledge in underground contract management practices and demonstrated ability in managing underground mining contracts.

Project Management:

- Understands AGA project management standards and has applied them in a minor project to conceptual level.
- Ability to lead a minor project and interact with test work and engineering consultant service providers.

Innovation:

- Thinks creatively to develop multiple, workable options.
- Generates innovative solutions, which continuously improve the performance of existing assets, products, services or processes.
- Demonstrating an openness to new ideas and new ways of working.

Leadership:

- Build, develop and lead the mining team in line with instructions given by the Senior Underground Manager.

Environmental:

- Establish and maintain processes to ensure that all environmental risks and emerging issues are identified, and mitigation plans to put in place.

Planning:

- Establish and maintain processes to ensure the development of optimized short-term, and medium-term plans that ensure delivery of the budget requirements and the operations strategy.

Delivery:

- Ensure that the use of all resources is optimized to ensure delivery of the plan.
- Identify areas for improvement in operational blueprints (systems, processes, procedures and tasks) to ensure adherence to plan, reduce variation and maximize cost effective utilization.
- Develop and implement systems to collect and manage operational data and to monitor performance.
- Establish and maintain systems for identifying opportunities to drive operational excellence.
- Ensure collaboration with all departments to achieve streamlined delivery to plan.

Compliance Accountabilities:

- Awareness/management of declaration of conflict of interest of direct reports.
- Awareness/management of SOX control accountabilities.
- Awareness/management of Delegation of Authority.
