

GGML Strengthens Legal and Community Ties

On Monday, leaders from the Judiciary High Court in Geita, including **Judge in Charge Kelvin Mhina**, joined resident and district magistrates, court clerks, and staff for a visit. Alongside them were representatives from the Prevention and Combating of Corruption Bureau, the Regional Crime Office, the Tanganyika Law Society, the District Land and Housing Tribunal, the Commission for Mediation and Arbitration, and the National Prosecution Services. Together, they came to Geita Gold Mining Limited with one purpose: to strengthen collaboration.

Our **Senior Legal Counsel, David Nzaligo**, shared how we are approaching the Nyakabale and Nyamalebo compensation exercise with safety, respect, sustainability, excellence, collaboration, and integrity guiding every step.

Ambakisye Mwankemwa, Superintendent - Land Access, spoke of the work that changes lives daily: our CSR projects, designed and implemented hand in hand with the community.

And our **Managing Director, Ashraf Suryaningrat**, reminded everyone of a simple truth: mining isn't only about gold. It's about relationships. Collaboration is the heart of what we do and will remain the foundation as we continue to grow with Geita.

Responsible mining is not a slogan. **It's a practice.** One built in trust, and lived every day in the community we call home.

As we celebrate **25 years** of partnership with the people of Geita, visits like this reflect our commitment to building lasting impact. More to come!
